

# Did You Know...

## What the symbols on your work boots mean?

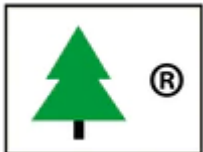

**CSA Green Triangle** – Grade 1 protective toe to withstand impacts up to 125 joules with sole puncture protection.

**CSA Blue Rectangle** – Grade 1 protective toe to withstand impacts up to 125 joules without sole puncture protection.

**CSA White Rectangle with Greek letter Omega** – Soles that provide resistance to electric shock to withstand 18,000 volts and a leakage current not exceeding 1mA for 60 seconds.

**Chainsaw Protection** – Footwear that provides protection when using chainsaws and other cutting equipment.
